Two Chauffeurs' Unions.
The Chauffeurs' union has secured such a large membership that it was decided at a special meeting to divide it into two branches, one branch commosed of chauffeurs and the other automobile mechanics.

The Structural Iron Workers' local gave a dance Monday night at Ryan's dancing academy which was largely sitended. Music was furnished by Koch's orchestra, and refreshments were served. The committee in charge of the affair was composed of Owen Pittman, chairman; H. H. Hamilton, Josuph Sutherland, George Cleveland and Lester Farley.

So a Day For Electricians.

With the exception of three or four shops, all master electricians in the city have agreed to the \$5 a day schedule demanded by the members of the electrical workers union.

The old schedule was \$5 for an eight hour day. Recently the union demanded a \$6 per day schedule and Mondary was set as the time limit. Nearly all of the shops have signed up under the new schedule, and negotiations are under way with those who have not as yet met the demands.

It is stated that a few electricians are out, but that the matter will be satisfactorily settled within a day or two at the outset.
